ANNUAL MINISTRY IMPACT REPORT

2024

Redeeming Grace

Rebuilding lives for everlasting recovery.

2024 has been a year of exponential growth! Three residents completed the program. One became a part time staff member at RGM, while the other two both regained custody of their children and are living independently as moms! Two new residents joined us this fall. It is a gift to watch them heal and gain confidence. A full time Program Manager was hired to meet the needs of more residents. Property was purchased for the Transformational Community that will help address the needs of many more women. The design of these homes are in process. God has provided through generous donors each step of the way.

5 Residents	**892** Nights of Safe Housing	**53** Recovery Meetings	**253** Hours of Classes	**64** Counseling Sessions	**428** Mentoring Hours
